

Institutional Roadmap for Open Education

Institution	 <p>الجامعة الألمانية الأردنية German Jordanian University</p> <p>German Jordanian University</p>
Country	Jordan
Contact	Mohammad Doaud and Omar Hiari
Date	August 3, 2018

Strategic Alignment

Links of this roadmap with the Institutional or Strategic Plan	<p>GJU is modelled on the German applied-sciences model, characterized by its focus on putting knowledge into practice and promoting knowledge transfer. By taking advantage of the best educational practices in both Jordan and Germany, GJU has positioned itself as a leading educational institute in the region.</p> <p>The Open Education roadmap of GJU aims to contribute to the ongoing efforts of positioning GJU as a leader educational institute in the region. In particular, the open education approach will enable GJU to provide students and professors at the university as well as nationwide with free and remote access to state-of-the-art educational resources and materials that cover a diverse spectrum of topics and specializations. Since GJU is modeled on the German applied-sciences model, special focus will be paid to develop open educational resources that support industry related topics. Moreover, the open educational resources provided by GJU Will be main based on electronic educational resources that can be accessed remotely through the Internet.</p>
Processes required for implementation	<p>The processes required to implement the open education road map of GJU can be summarized as follows:</p> <ul style="list-style-type: none"> • Process to increase the awareness of decision makers, professors, and instructors about the potentials and advantages of open education • Process to educate professors and instructors and provide them with the training and education about open education concepts,

	<p>approaches, and tools</p> <ul style="list-style-type: none"> • Process to train professors and instructors to use the open education tools and platforms that are provided through GJU’s Innovation Centre for Open Education • Process to promote open education materials to the students and professors
