Date	October 2018

Strategic Alignment

Links of this roadmap with the Institutional or Strategic Plan	This roadmap is made according to the plans of the University and implemented by the Centre d'innovation pédagogique, since the Center was created by the university and it is not depending on a specific institution
---	--

Relevant Actions

Actions to be developed	<ul style="list-style-type: none"> - Making the website of the Center a repository of all the available information, facilities, resources and opportunities that the University offers so that the stakeholders of the University are not deterred by any barriers of geographical location while accessing the relevant information
--------------------------------	--

Description	<ul style="list-style-type: none"> - Open educational resources (OERs), Massive Open Online Courses (MOOCs) and resources available under 'Creative Commons' license will be linked to provide vast pool of useful and supplementary material to the students. MOOCs will offer the students anytime-anywhere learning environment, which is becoming increasingly popular as one of the most effective tools for knowledge sharing and dissemination. - Establishing credible open forums for interaction with the teaching, learning and the non-teaching community to understand their needs, demands and aspirations to see the desired change.
Timeframe	2018-2022
Prioroty (if applicable)	High
Expected results and impact	<ul style="list-style-type: none"> - Shift in focus from teacher-centric to student-centric education. - Allows students to choose innovative curriculum through inter-disciplinary, intra-disciplinary courses, skill oriented papers, vocational education and encourages more flexibility for students. - Makes education more open, broad-based and at par with global standards
